Silver Star Preservation

This class is for cars 25 years old or older that are largely original and have been unrestored since new. The vehicle should be in good working order, driven under its' own power to the event and be largely original. Your eligible car should have an original engine and drivetrain. There can be partial refurbishments of various components, but no complete restorations can meet the criteria. Cars in this group are self-judged by the entrant on a form that will be provided at the show. A Preservation Class Judge will review the completed form with the entrant, evaluating each aspect of the car. Owners are not competing against other enthusiasts in this class.

Display Corral

Special grouping for enthusiasts who choose only to display their Mercedes at the show. This group is not subject to judging and competition.
